To new patients:

A new patient evaluation in a holistic practice is generally in depth and requires a fair amount of time. The first appointment is 30-60 minutes, depending upon your needs. When patients do not show for scheduled appointments, without calling to cancel or reschedule, this impacts my ability to manage my practice as well as see other patients on an urgent basis. Therefore, to help motivate people to either come in for their scheduled appointment or call in for a cancellation in a timely fashion, I feel I must charge a deposit of \$100 for your first scheduled appointment. The \$100 is applied to or returned to you when you complete your first appointment. Appointments not cancelled within 24 hours notice will be charged a fee of \$200. My fee for a first appointment, complete evaluation, is \$250 (20% discount for cash patients on the first appointment only; thereafter 10% discount). Your health insurance will not cover a missed-appointment charge.

I look forward to seeing you and assisting you with your health!

Sincerely yours,
